

NEW JERSEY BRAIN ANEURYSM AND AVM SUPPORT GROUP

Brain Aneurysm patients and their family members can meet with their peers and participate in open discussions on managing daily activities including:

- **Healthy living**
- **Faith and spiritual healing**
- **Nutrition and exercise**

This is also your opportunity to reconnect with your caregivers from EMS/911 operators, to ED staff, physicians and nurses.

This photo was sketched by a family member of a brain aneurysm patient.
